

App installation Instructions.

Open your web browser and go to <http://digitalsolutionsmb.com> from the device you would like to install the app on.

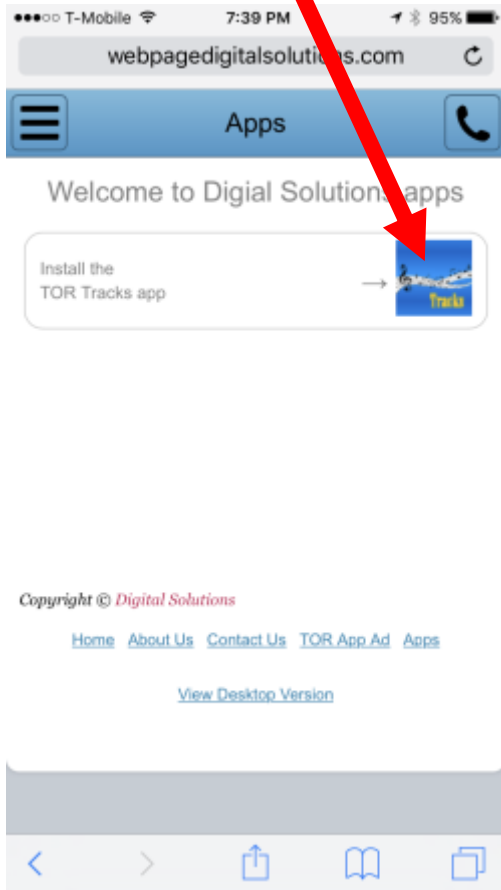

Then tap on the menu on the left side

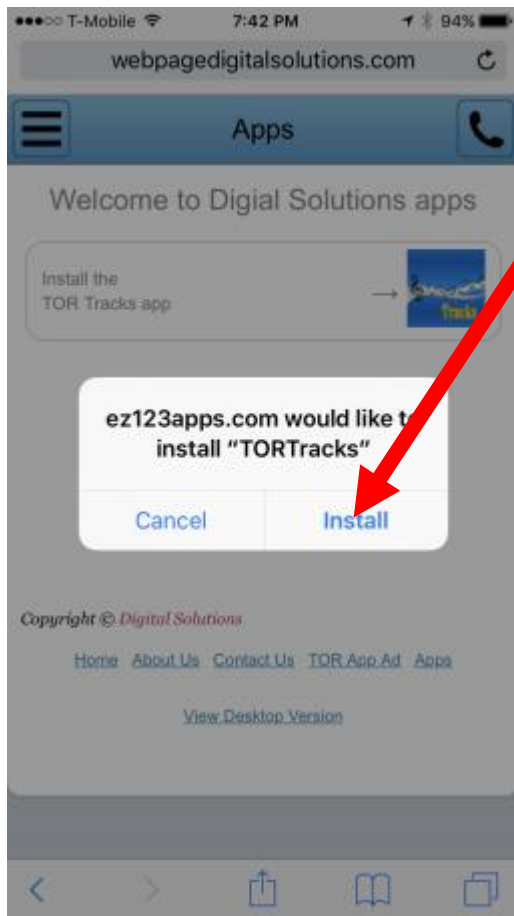

Then tap Apps from the menu.

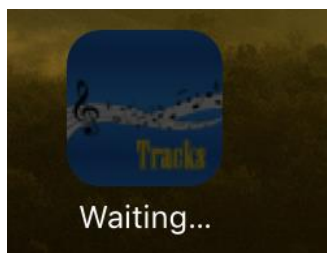

Then tap on the app you want to install.

A message will then appear on your screen. Once you tap install the app will download and install.

Close the web browser and you will find the app on your screen with waiting... under it.

The application is installing. Wait for the words waiting.. to change to the name of your app.

Then you are ready to use the app.
